Welcome to our practice! We thank you for making us your choice for your child's dental care. By bringing your child to our office, you have created a partnership which we hope will last through the years.

Our partnership is prevention oriented and dedicated to your child's health. We are committed to providing superior dental care and are proud of our dedication to all of our patients. Our goal is to help every patient feel and look their best while focusing on long term dental health.

Our office hours are patient-oriented and we are available for emergency services. Because communication is important, we will advise you of treatment needs and expenses in advance. We will even assist with your insurance filing. We are here to serve you so please do not hesitate to contact us regarding any matter.

Please take a moment to print out our new patient forms so that you may fill them out at your convenience prior to your child's appointment. **Please arrive 15 minutes early** so that we may review your child's records with you.

If you have dental insurance coverage for your child, please bring a completed insurance form or an insurance card to your first visit so that we may have a copy to keep in your child's chart. Once we have the correct information in our computer, it is not necessary to bring insurance forms/cards to subsequent visits, unless you have a change in your employer or insurance coverage.

If your child has been to another dental office, we request that you bring copies of any xrays that were taken. This may prevent us from having to take any unnecessary xrays on your child.

We welcome new patients and appreciate any referrals we might earn. Our practice welcomes the opportunity to serve you and looks forward to a long and healthy partnership with you, your family and friends.

Best regards,

Dean A. Carmichael, DDS
William E. Brosky, DDS
Paul G. Russ, DDS
Jason P. Jeran, DMD
