Welcome to our practice! We are looking forward to meeting you.

Our partnership is prevention oriented and dedicated to your health. We are committed to providing superior dental care and are proud of our dedication to our patients. Our goal is to help every patient feel and look their best while focusing on long term dental health.

Our office hours are patient-oriented and we are available for emergency services. Because communication is very important, we will advise you of treatment needs and expenses in advance. We will even assist with your insurance filing. We are here to serve you, so please do not hesitate to contact us regarding any matter.

Please take a moment to print out our new patient forms so that you may fill them out at your leisure prior to your appointment. **Please arrive 15 minutes early** so that we may review your completed forms with you.

If you have dental insurance, please bring a completed insurance form or an insurance card to your first visit so that we may have a copy to keep in your chart. Once we have the correct information in our computer, it is not necessary to bring insurance forms to subsequent visits, unless you have a change in your employer or insurance coverage.

Also, for your benefit, we request that you bring copies of any xrays from your previous dentist.

If you should have any questions, please do not hesitate to call.

Sincerely,

Rockside Family Dental Care
